A new pattern storage warehouse. 78x150 feet and three stories high, will be built out to the harbor line of the Allegheny river. A large addition will also be made to the foundry of the plant. This will be 50x120 feet, and will be supported on the river side by five piers 40 feet in high. The company are extensive builders of rolling mill machinery and rolls The Mesta Machine Company, Pittsburg, is now operating its large new plant at West Homestead. Pa., in full. The whole plant is contained in one building, 820 feet long and 250 feet wide. This contains the openhearth steel furnaces, cupolas, air furnaces, the molding departments, machine shop and erecting shop, the product being ingot molds, iron and steel rolls, sand and chilled, machine molded gears of steel or iron, and rolling mill and tin plate machinery. The different departments are running full, with the machine shop on double turn. Two 50-ton electric overhead traveling cranes have just been installed, making fifteen overhead cranes in all in the plant. The design of the plant has been found in actual operation to be very satisfactory. General Jacob S. Coxey, who six years ago marched at the head of an army of several hundred unemployed: workingmen into the...
