

## The Number Mysteries: A Mathematical Odyssey Through Everyday Life (Paperback)

By Marcus du Sautoy

HarperCollins Publishers, United Kingdom, 2011. Paperback. Book Condition: New. 196 x 130 mm. Language: English . Brand New Book. From the author of The Music of the Primes and Finding Moonshine comes a short, lively book on five mathematical problems that just refuse be solved - and on how many everyday problems can be solved by maths. Every time we download a song from Itunes, take a flight across the Atlantic or talk on our mobile phones, we are relying on great mathematical inventions. Maths may fail to provide answers to various of its own problems, but it can provide answers to problems that don t seem to be its own - how prime numbers are the key to Real Madrid s success, to secrets on the Internet and to the survival of insects in the forests of North America. In The Number Mysteries , Marcus du Sautoy explains how to fake a Jackson Pollock; how to work out whether or not the universe has a hole in the middle of it; how to make the world s roundest football. He shows us how to see shapes in four dimensions - and how maths makes you a better gambler. He...
