Brand New Book ***** Print on Demand *****.Excerpt from A Course of Elementary Practical Bacteriology: Including Bacteriological Analysis and Chemistry Bacteriology is an essential branch of Pathology, of such importance that it is gradually becoming a necessary, if not a compulsory, element in the study of Medicine. As a matter of fact, most Faculties and Universities granting a Diploma or Degree in Public Health demand three months practical instruction in Bacteriology. It is only by patient laboratory work that Bacteriology can be taught in such a manner as to serve any useful purpose. One of the chief difficulties in the practical instruction which has presented itself to us has been the want of a suitable handbook for the laboratory. The student has felt this want as much as his teachers. He cannot be expected to dig the necessary information out of large and voluminous text-books, which, moreover, are often deficient in all practical details. At St. Bartholomew s Hospital we have been in the habit of giving out slips with full directions about the work to be done from day to day. About the...
