*I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## A MANUAL OF HARMONY (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Author s Note. APPEALED to from many sides, and frequently called upon to make public the method of teaching adopted by me during many years of instruction in the theory of music, I at last came to the conclusion to have my experiences, gathered through self-study and through practice in teaching, published in the form of three books. At present the first appears under the title of Manual of Harmony ; the instruction in Simple and Double Counterpoint, in Canon and Fugue, will follow as soon as possible. It would lead too far if I should here indicate what new statements I have made both in the explanation of the chords and their connections, and in the method of instruction; this is clearly expressed in the present volume. Let me not however omit to call attention to the fact that examples are added in the appendix, which are worked out in accordance with the rules contained in the different chapters, and can be constantly referred to as a guide. Experience in practical instruction has taught that, in many cases, it is not sufficient to show the pupil the application of a rule by itself, i. e. apart from its connection with an organically formed piece of music, however small. The proper understanding of the rule is obtained more easily and surely by nearly every pupil, if he sees its application brought before his eyes in the condensed form of one or more small pieces of music The manifold and peculiar difficulties in the instruction of the theory of music almost demand such a proceeding. Whatever we call our rules, we deduce from the works of the classic masters;...
