

Career Guidance for Homeschoolers: Inspiring Children by Linking Their Interests with Their Possible Futures (Paperback)

By Robert P Tepley Ph D

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Written for parents of elementary, middle, and high school age children, Career Guidance for Homeschoolers is a combination career exploration curriculum, career counseling manual, and childhood career development handbook. It challenges the conventional idea that focused career exploration and learning should be delayed until late adolescence or early adulthood. Career Guidance doesnt force children to make premature career decisions. It provides them age-appropriate and developmentally relevant career education. Introducing career guidance during childhood helps children think about their interests and abilities in career relevant terms. This can prevent the natural tendency to shape future career aspirations based on limited assumptions and stereotypes rather than childrens unique interests, abilities, personalities, and values. It is well known that children who excel academically are afforded additional learning opportunities, take full advantage of the education provided them, and usually have greater career and occupational options to choose from later in life. However, its also true that dedicated career exploration during childhood enhances academic motivation and leads to better academic performance. Early career education makes academic learning meaningful to children....

Reviews

Absolutely among the finest pdf I have got possibly read. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
