Reviews

This ebook will be worth buying. It usually fails to price an excessive amount of. You wont feel monotony at whenever you want of your respective time (that's what catalogs are for regarding in the event you check with me).

(Ernest Vandervort)

ON ZHANG-ZHUNG

Paljor Publications/Library of Tibetan Works & Archives, New Delhi, India, 2000. Softcover. Book Condition: New. The country of Zhang-zhung, the stronghold of the ancient Bon religion, is generally believed to have been situated at the western end of Tibet, in the region around Mount Kailasa. Religious Bon texts handed down to us in Tibetan translations mention the fact that these texts were originally written in the language of Zhang-zhung, but due to the scarcity of material in this language, many scholars tended to dismiss this as a fabrication of the Bonpos. In this Book Professor Hummel revisits the whole issue of Zhang-zhung, concentrating particularly on its language, but also on the actual size and geographical position of this kingdom. The studies presented here bring a host of new, almost provocative ideas, suggesting that Zhang-zhung was a vast confederacy of states stretching all the way from western to north-eastern Tibet, and that its language was in fact no artificial product, tracing its Origins to the eastern Tibetan regions of Si-hia and Mi-nyag. With the help of Zhang-zhung, The Author even sheds new light on the meaning of the old Tibetan kings' names. Printed Pages: 181.
