Reviews

This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Random House USA Inc, United States, 2008. Paperback. Book Condition: New. Reprint. 170 x 106 mm. Language: English . Brand New Book. Sarah Ash s acclaimed trilogy, the Tears of Artamon, was a stunning blend of sorcery and intrigue, politics and breathtaking imagery. Now she returns with the tale of a siege between kingdoms, and a battle between heretics and believers--each with their own truths, their own lies, and their own soul-shattering discoveries waiting to be made. The kingdom of Francia has purged its magi. But when a young Guerrier rescues an orphaned street waif, little does he know that she is the daughter of a magus who met his end on their pyres--or that she is guarded by an aethyric spirit and driven by the name of the traitor who condemned her father to flames. With the gift of song infused within her, her voice will bring her before the most powerful heads of state. And she will craft herself into a weapon--aimed at the heart of the man she despises.
